

Summer 2024

Dear Ciampa/Gilbert/ Miles Students,

Welcome to FIFTH grade on CMG5! We hope that you are having a wonderful summer! It will be over before you know it, so make sure to spend a lot of time outside and relax with your summer reading—three books from three genres of your choice.

Regarding supplies: Please see the grade 5 supply requirements on the reverse.

Fifth grade is a great year. There are many activities and projects to enjoy both in and out of school, and we look forward to teaching you at Village School.

Building a community is extremely important to us here on team CGM. You can look forward to the Positive Behavior Intervention and Support (PBIS) approach to education; including project based learning, team-building activities and many chances to work with different individuals. We pride ourselves on creating a space where everyone feels safe, accepted and driven to work to his or her highest potential. Therefore, we can't wait to meet YOU, so we can discover what talents and traits you will contribute to our class.

Our curriculum in the 5th grade is challenging and rewarding. In our efforts to prepare you for grade 5, we will be teaching you many different study skills. In addition, our Math and Science curriculum is rich with hands-on projects to help you learn, and Language Arts and Social Studies will present numerous opportunities for you to grow as a reader and writer, and apply those skills to our study of history.

We hope that you are as excited as we are to learn and grow together in the 5th grade. See you in September!

Warmly,

Ms. Christina Ciampa

Ms. Rebecca Gilbert

Ms. Mary Miles
