

WELCOME

to 4th Grade !

2024-2024

Dear Fourth Graders,

Welcome to our classroom for the 2024-2025 school year! We are so thrilled to have you become a part of our learning community at Village School, and we can't wait to meet you!

This year in 4th grade we will be exploring the geography of the United States, reading and writing a variety of stories and poems, and working on finding many different strategies for problem solving. We will also be presenting, drawing, calculating, experimenting and hopefully having a lot of fun together. We have sent and posted a supply list so you'll have all of the things you need to be prepared for fourth grade. Please bring all school supplies with you on the first day.

Our greatest hope and dream for the upcoming school year is that our class will build relationships with each other and that we will come together to form a strong learning community. We truly hope that you will all grow as readers, writers, mathematicians, problem solvers, and critical thinkers who make connections between what you learn and your own lives. We can't wait to hear about some of your hopes and dreams for fourth grade. We will be there for you every step of the way to support you and to help you reach your goals this year . . . See you soon!

Mrs. Mohan and Ms. Wyard

Mohan-Wyard 2024-2025
