AGREEMENT made this during the month of November 2024, between the **MARBLEHEAD SCHOOL COMMITTEE**, hereinafter referred to as the “Committee” and the **MARBLEHEAD EDUCATION ASSOCIATION**, hereinafter referred to as the “Union.”

ARTICLE I: RECOGNITION

The Committee recognizes the Union for the purposes of collective bargaining (as provided by M.G.L. Chapter 150E) as the sole and exclusive bargaining representative for the following employees of the Marblehead School System in a basic teacher bargaining unit called Unit A:

All regularly employed classroom teachers,
including kindergarten teachers and all classroom
teachers maintaining more than one-half a full-time
teaching assignment,
guidance counselors,
school adjustment counselors,
school psychologists,
special education teachers
speech therapists,
librarians, and
coaches
school nurses licensed by DESE (effective
September 1, 2016)

Excluded from Unit A are the superintendent, assistant superintendent, business manager, principals, supervisors, directors, department chairmen, curriculum directors, assistant principals, director of pupil personnel services, part-time teachers (employed for less than half-time), substitute teachers, the Head Nurse, substitute nurses, and all contract nurses assigned to specific student(s), and all other employees of the Committee and the Town of Marblehead.

Unless otherwise indicated, the employees in the above Unit A hereinafter will be referred to as the “teachers.”

ARTICLE II: GRIEVANCE PROCEDURE

A grievance is a dispute which may arise between the parties concerning the application, meaning or interpretation of the express terms of this Agreement and shall be settled in the following manner:

- Step 1.** The teacher with a grievance, within 30 calendar days after the occurrence of the grievance or within 30 calendar days after the day the teacher acquired knowledge of its occurrence, will first discuss it with the employee’s principal or immediate supervisor in an effort to resolve the matter informally. A representative of the Union may be present. If the grievance is not resolved in the above manner within seven (7) calendar days, the teacher shall present the employee’s grievance in writing to the Superintendent of Schools within fourteen (14) calendar days after the expiration of said seven (7) days.
- Step 2.** The Superintendent, within fourteen (14) calendar days after receipt of the written grievance, shall meet with the aggrieved teacher and representatives of the Union in an effort to resolve this matter. If the grievance is still unresolved within seven (7) calendar days after said meeting with the Superintendent, the teacher shall present his/her grievance in writing to the School Committee within fourteen (14) calendar days after the expiration of said seven (7)

days. (Note: If, in the judgment of the Union, a grievance affects a group or class of teachers, the Union may submit such grievance in writing to the Superintendent directly and the processing of such grievance shall commence at Step 2.)

- Step 3.** The School Committee, within fourteen (14) calendar days after receipt of the written grievance, shall meet with the aggrieved teacher and representatives of the Union in an effort to resolve the matter. All meetings under this procedure with the Committee shall be held in executive sessions and shall include only parties in interest and their designated or selected representatives.
- Step 4.** If the grievance cannot be resolved by and between the Committee and the aggrieved teacher and the Union within twenty-one (21) calendar days after the meeting held in Step 3, then the matter may be submitted to arbitration within fourteen (14) calendar days thereafter by either the Committee or the Union pursuant to the Labor Arbitration Rules of the American Arbitration Association.

The failure of the grieving party to present a grievance within or advance it in accordance with any of the time limits set forth in the grievance procedure shall constitute a resolution of the grievance against the grieving party.

The arbitrator's authority shall be limited to matters involving the interpretation and application of the provisions of this Agreement. The arbitrator may not modify, amend, delete or add to the terms of this Agreement. Within the limits of the arbitrator's authority, the decision of the arbitrator to the extent provided by law shall be final and binding. The fees and expenses of the arbitrator shall be borne equally by the parties.

Grievances involving transfers/assignments shall be subject to the following rules:

- A. The Step 1, 2 and 3 meetings shall be completed within 30 calendar days.
- B. The arbitrator must be able to hold a hearing within 30 calendar days of the arbitrator's selection and render a decision within 30 days of the hearing.

ARTICLE III: PERSONAL AND ACADEMIC FREEDOM

- A. The personal life of a teacher is not an appropriate concern or attention of the Committee, but the teacher agrees that the teacher will not permit the teacher's personal life to interfere with the performance of the teacher's duties.
- B. Teachers shall be entitled to full rights of citizenship, and no religious or political activities of any teacher or the lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher, providing said activities do not violate any local, state or federal law.
- C. The Committee and the Union agree that academic freedom is essential to the fulfillment of the purposes of the Marblehead School System, and they acknowledge the fundamental need to protect teachers from any censorship or restraint which might interfere with their obligation to pursue truth in the performance of their teaching functions. Accordingly, they agree as follows:

1. Teachers shall be guaranteed full freedom in classroom presentations and discussions and may introduce politically, religiously or otherwise controversial material, provided only that said material is relevant to the course content and/or to the interests and the needs of the students.
2. In performing their teaching functions teachers shall be guaranteed full freedom in expressing their personal opinions on all matters relevant to the course content and/or to the interests and the needs of the students, provided, however, that when they do so, they shall make every effort to present other relevant points of view, to distinguish between fact and opinion, and to indicate that they are speaking personally and not on behalf of the school, its administration or the Committee.

ARTICLE IV: TEACHER RIGHTS

- A. Pursuant to M.G.L. Chapter 150E, the Committee hereby agrees that every employee of the District shall have the right freely to organize, join and support the Union and its affiliates for the purposes of engaging in collective negotiations and other concerted activities for mutual aid and protection. As a duly selected body exercising governmental power under the laws of the State of Massachusetts, the Committee undertakes and agrees that it shall not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by M.G.L. Chapter 150E or other laws of Massachusetts or the Constitution of Massachusetts and the United States; that it shall not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of the employee's membership in the Union and its affiliates, the employee's participation in any activities of the Union and its affiliates, collective negotiation with the Committee, or the employee's institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any term of conditions of employment.
- B. Nothing contained herein shall be construed to deny or restrict to any teacher such rights as the employee may have under Massachusetts School Laws or the applicable laws and regulations. The rights granted to teachers hereunder shall be deemed to be in addition to those provided elsewhere.
- C. No teacher, during the employee's employment by the Marblehead School District ('District'), shall be disciplined, officially reprimanded, reduced in rank or compensation, or deprived of any professional advantage the employee currently has without just cause. Provisions for the employment or dismissal of teachers without professional teacher status as provided by statute will be observed, but nothing in this Agreement shall be construed as limiting the rights of the District as established by law with respect to the discharge or re-hiring of teachers without professional teacher status, except that any teacher without professional teacher status may request a meeting with the Superintendent to discuss the reasons for not re-hiring due to unsatisfactory work performance. Nothing herein shall be construed so as to obligate the District to arbitrate or to give a teacher the right to grieve or arbitrate the District's decision not to rehire a teacher without professional teacher status. Nothing contained in this Article shall be deemed to expand or restrict the provisions of law with respect to the discharge of teachers with professional teacher status.
- D. Whenever any teacher is required by the Committee, the Superintendent, or the Superintendent's agent to appear before any one or more of them concerning any matter which could directly and adversely affect the continuation of that teacher in the employee's office, position or employment or the salary or any increments pertaining thereto, then the employee shall be given prior written notice of the reasons for such meeting or interview and shall be entitled to have a representative of the Union present to advise the employee and represent the employee during such meeting or interview. Any suspension of a teacher as a result of charges pending shall be with pay.

- E. No reprisal of any kind shall be taken against any teacher for participating in any grievance.
- F. The teacher shall exercise the highest professional responsibility and will maintain the exclusive right and responsibility in determining proper evaluation of pupils within the evaluation policy of the Marblehead School Department. Generally, no evaluation shall be changed without an approval by and after consultation with the teacher, except in situations where it is clearly indicated that the teacher has not exercised full professional responsibility in carrying out the evaluation policy of the Marblehead School Department.
- G. No teacher shall be prevented from wearing pins or other identification of membership in the Union or its affiliates.

ARTICLE V: UNION RIGHTS AND PRIVILEGES

- A. The Committee agrees to make available to the Union, in response to requests, all available information in its possession which is a matter of public record concerning the financial resources of the district.
- B. Whenever any representative of the Union or any teacher participates during working hours in negotiations, grievance proceedings, conferences or meetings scheduled by the school department, the employee shall suffer no loss of pay.
- C. The Union and its representatives shall have the right to use school buildings at all reasonable hours for meetings. For afternoon business meetings, the principal of the building in question shall be notified in advance of the time and place of all such meetings to assure that there are no conflicts. Standard procedures for use of school facilities will be followed for all evening meetings.
- D. The Union shall have, in each school building, the use of an appropriately placed bulletin board in each faculty lounge and teachers' dining room. The Union shall also be assigned adequate space on the bulletin board in the central office for Union notices. Copies of all materials to be posted on such bulletin boards shall be given to the building principal, but no approval shall be required.
- E. The Union shall have the right to use the interschool mail facilities and school mailboxes in accordance with standard procedures.
- F. The President of the Union will be permitted to perform the duties of president during the times outside of the President's specific teaching assignment.
- G. All orientation programs for new teachers shall be planned by the Superintendent with the assistance of the Union.
- H. **AGENCY FEE**
Any teacher employed by the Marblehead School Committee shall be subject to an agency service fee unless said teacher is or becomes a member of the Marblehead Education Association.

Pursuant to MGL Chapter 150E, Section 12, it shall be a condition of employment in the bargaining unit or the effective date of this Agreement, whichever is later, each and every member of the bargaining unit shall pay to the Union an agency fee, which shall be proportionally commensurate with the costs defined by law and by the Massachusetts Labor Relations Commission's regulations contained in 456 CMR 17:00: Agency Service Fee. The Agency Service Fee shall be deducted from each paycheck pursuant to payroll authorization.

Collection of agency service fees, including the collection of delinquent fees shall be the responsibility of the Union, and the Committee shall not be obligated to take any action in regard to the employment of such employees. Teachers who fail to pay the fee shall not be subject to dismissal or suspension, but the Union shall have standing to pursue any and all remedies it may have at law or in equity to collect such fees.

The Union agrees that it will indemnify and save the Town, including the School Committee, harmless from any and all claims, costs, expenses, attorney fees, demands, liability damages suits, or causes of action, which relate to or may arise out of any action taken by the Town and/or School Committee in the implementation of the provisions of this Article.

ARTICLE VI: TEACHER EVALUATION AND PERSONNEL FILE

A. Teachers shall be evaluated in accordance with the provisions in Appendix K.

- (i) The summative evaluation and observation reports shall not be submitted to the central office, placed in the teacher's file or otherwise acted upon until the teacher has been given the opportunity to comment on and sign such documents, Teachers are required to sign such documents but their signature does not necessarily mean agreement.
- (ii) Notwithstanding any provision to the contrary in Article VI or Appendix K, administrators may observe teachers at any time.

B. Personnel File:

- (i) A teacher shall have the right to review the contents of the employee's personnel folders, excluding confidential recommendations for employment in or advancement in the Marblehead school system. A teacher shall be entitled to have a representative of the Union accompany the employee during such a review.
- (ii) Any teacher shall have the right to submit a written comment on the contents of the employee's personnel folder and the comments will be placed in the teacher's personnel folder.
- (iii) Teachers may submit any information which they consider pertinent concerning their professional development and personal achievements on a form so entitled. A copy of said form is attached hereto as Attachment A. The form shall be distributed to teachers during the month of September and should be returned by the teacher to the teacher's evaluator by April 1. The information on the form, which is submitted by the teacher as a data base for possible use by the evaluator in the summative evaluation, shall be attached to the summative evaluation.

C. Educator Evaluation:

Appendix K: Educator Evaluation

A Joint Labor Management Committee (JLMC) will be established effective within thirty (30) school days following ratification of this Agreement [November 26, 2024] consisting of four (4) members appointed by the President/Co-Presidents of the MEA Unit A and four (4) members appointed by the Interim Superintendent/Superintendent. The JLMC will review the provisions in Appendix K and may make recommendations for updates and revisions to the Parties. The JLMC will make its recommendations to the Parties on or before March 28, 2025 for implementation the following school year. If the Union ratifies the recommended changes and the School Committee approves the

recommended changes, the changes will go into effect for the 2025-2026 school year, and the Parties will revise Appendix K to reflect the agreed-upon changes.

ARTICLE VII: TEACHER WORK YEAR

- A. The work year for teachers shall start no earlier than the Monday before Labor Day, provided, however, if the work year is so scheduled to start before Labor Day, the Friday preceding Labor Day shall not be a work day.
- B. Subject to Section C, the work year is defined as 184 days, including two (2) days for administratively determined professional development before school starts, 180 days meeting present state requirements with students, and two days for administratively determined professional development which may be scheduled before and/or during the student school year. The work year for employees new to Unit A is 185 days including all of the days in the prior sentence and one (1) additional work day for orientation before school starts. Notwithstanding any contrary provision in paragraph 1 of Article VIII, Section A of this Agreement, the work day on the four (4) administratively directed professional development days and the orientation day shall start at 8:00 a.m. and end at 2:30 p.m. with a 30-minute lunch break. Subject to Section C, the parties agree to schedule 185 days for students for purposes of allowing for school cancellation during inclement weather, with the understanding that unused days beyond the above stipulated 180 days for students will be dropped at the end of the year.
- C. The Committee has the right to increase the work year up to an additional four (4) days (up to 188 days). The nature of the day/s shall be in the discretion of the Committee. In the event the Committee were to increase the work year, the teacher salary schedule (Appendix A) shall be increased .55% for each day the school year is so increased.
- D. The school calendar shall be worked out annually by the Superintendent and with the assistance of the President of the Union. The calendar for the ensuing school year shall be so determined by the preceding January 31st.

ARTICLE VIII: TEACHING HOURS AND TEACHING LOAD

A. Hours:

- 1. The arrival and dismissal times for students are as follows:

Elementary Schools - 8:00/8:05/8: 15 a.m. - 2:15/2:20/2:30 p.m.

Middle Schools - 8:00 a.m. - 2:30 p.m.

High Schools -7:55 a.m. - 2:37 p.m.

The Committee/Administration shall have the right to shift at any time the aforementioned starting and dismissal times for students up to thirty (30) minutes in either direction (earlier or later). Prior to implementing any such change, representative(s) of the Committee/Administration shall meet with the Union to advise the Union as to the reasons for the change and to give the Union the opportunity to express their opinions concerning the change.

- 2. In addition to being present during the regular student day as defined above, teachers at the elementary level shall arrive 15 minutes before the student arrival time and, Monday through

Thursday, shall stay 30 minutes after the student dismissal time and on Friday, 5 minutes after the student dismissal time. Teachers at the middle school shall arrive 15 minutes before the student arrival time and, Monday through Thursday, shall stay 40 minutes after the student dismissal time and on Friday, 10 minutes after the student dismissal time. Teachers at the high school shall arrive 15 minutes before the student arrival time and, Monday through Wednesday, shall stay 25 minutes after the student dismissal time and on Thursday, shall stay 20 minutes after the student dismissal time, and on Friday, may leave immediately following the student dismissal time. If the last day of the school week falls on a day other than a Friday, the aforementioned rules for Friday shall apply to that day.

The aforementioned time after school provides teacher availability for extra help with students, conferences with parents, teacher meetings, planning, and preparation of materials. Middle school and High school teachers will schedule regular make-up time one afternoon per week after the close of school. It is expected that teachers will spend additional time to expedite these ends.

3. The Union acknowledges that the Superintendent, or his designee, may require teachers, to stay in attendance for a meeting until 4:00 p.m. but not more than three (3) such meetings (meetings lasting until 4:00 p.m.) may be required per month. In the event that the Superintendent, in consultation with the chair of the Professional Development Committee, schedules and gives advanced notice of a 5:00 p.m. meeting, one less 4:00 p.m. meeting will be scheduled that particular month. Nothing contained herein shall be interpreted to limit whatever rights the Committee/Administration may have concerning after school meetings apart from the aforementioned added language.

Teachers may make a request to the appropriate administrator that certain teacher group meetings which they intend to hold be "counted" as one of the four "4:00 p.m." monthly meetings that the Union acknowledges may be required by the Administration under this Section A2. The type of teacher initiated group meetings referred to herein are as follows:

- (a) Grade level curriculum meeting
 - (b) Department meeting
 - (c) Curriculum meeting
 - (d) Teacher initiated group meeting approved, in writing, by the Superintendent or his/her designee
4. Teachers will have a daily duty-free lunch period of from 25 to 50 minutes long (the specific length of time dependent on the conditions in each school) scheduled within the regular work day, during which time they may leave the building on providing notification to the office of said school. The prior sentence shall not apply to school nurses. School nurses, to the extent possible, will have a duty free lunch contingent upon meeting student medical needs.
5. The Administration shall schedule, for the elementary schools during the 1996-97 school year, six early release days. The nature and the scheduling of these early release days shall be at the Superintendent's discretion and includes the parent conferences early release days. This commitment is only for the 1996-97 school year. (The amount, if any, of early release days, and the nature and scheduling thereof, in future years is recognized by the Union to be a matter for administrative determination.)

6. The Union acknowledges that the Administration may require teachers to attend up to three evening meetings per year, at least one of which would be an open house.
7. Nothing contained herein shall be interpreted as a limitation on whatever rights the Committee and/or Administration may have to require teacher/s to attend other evening meetings.

B. Teaching Load:

1. Effective May 4, 2010, the Union acknowledges that the Superintendent, or his/her designee, may require teachers to stay in attendance for a meeting until 4:00 p.m., but not more than three (3) such meetings (meetings lasting until 4:00 p.m.) may be required per month.

In all schools, no teacher shall be required to teach more than 3.75 consecutive hours or more than 4 consecutive periods per day nor more than 21 teaching hours or more than 28 teaching periods weekly, except:

- a. When an individual teacher is willing to teach more consecutive time, or
- b. When for any school year, by majority vote of the faculty in any school in a vote conducted by the Union, the faculty of said school so determines to establish a schedule providing for exception(s), such as rotating schedule, to B.1 above.

In the event the Administration increases the consecutive teaching time for any teacher from 3.5 to 3.75 hours, the following shall be applicable:

- i. In the event the time is so increased for five or fewer teachers, the Administration shall meet with the teachers whose time is so increased to advise them as to the reasons for the increase.
- ii. In the event the time is so increased for more than five teachers, the Administration shall meet with the Union rather than the teachers to advise them as to the reasons for the increase.
- c. In the scheduling of traditional programs, no high school or middle school teacher shall be required to teach at any one time more than 3 different academic courses in no more than 2 different academic subject areas, except in those cases where a teacher is willing to carry more than the above and makes a mutual agreement with the administration for such an exception. Other exceptions to the above may be made by the administration in those areas with limited student enrollment such as Latin or German. The above does not apply to those situations where a department chooses, by vote of its members, to conduct an elective curriculum.

2. Specific Middle School Provisions

- A. Subject to the administration's right to increase the teaching periods as set forth in Section B1, the daily work load shall consist of:

5 Periods - Teaching (Teachers shall not be required to teach more than 5 separate classes each mtg. daily or its equivalent.)

1 Period - Planning

1 Period - Supervision of Students (i.e., study hall, cafeteria, school grounds).

In the event a teacher's teaching time is increased by the administration beyond five periods, as aforementioned, there shall be a corresponding reduction of duty time.

- B. The student activity/elective period at the Middle School shall be considered a "duty" or teaching period subject to the following rules:
 - i. The "Major Elective Choices" (Basic Skills/Study Skills, Foreign Languages, Literature, Social Studies) shall be considered teaching periods only.
 - ii. Teachers will not be required to perform more than two Q2) activity/elective periods a week, as supervisory periods.
 - iii. There shall be no restriction on the number of activity/elective periods a week that teachers may be required to perform as teaching periods, subject to the 28 teaching period restriction.
 - iv. Article VIIIB, le shall not apply to the activity/elective periods, except the "Major Elective Choices."
 - v. The one period per day of supervision may include lunch time recess duty, but no teacher shall be required to perform cafeteria duty and recess duty on the same day.
- C. The planning that occurs during the planning period may be required to be team planning rather than individual planning.
- D. Team leaders may be selected by the team on a rotating basis, provided, however, that the Superintendent reserves the right, upon notice to the Union, to make or change the selection.
- E. Team teachers may be required to perform scheduling duties in reference to the students assigned to their team.

3. Specific High School Provisions

- A. Planning Time:

High School teachers shall receive at least one planning period per day.
- B. Supervisory Period
 - i. Effective 9/1/94: Over a ten (10) day cycle, the amount of supervisory periods that may be required will not exceed the amount that currently (6/93) may be required.
 - ii. Supervisory periods may not exceed 45 minutes in length.
 - iii. The Administration may schedule supervisory periods up to fifty-five minutes in length, subject to the following procedure:
 - (1) The Superintendent must give notice in writing regarding his/her intent to so schedule such periods at least 90 days prior to implementation.

- (2) The parties shall meet to discuss the Superintendent's contemplated action. If the parties cannot reach agreement within 7 days of meeting, the parties shall select a fact finder.
- (3) Selection of a fact finder: The fact finder must be able to schedule a hearing within thirty (30) days of appointment and render a decision within twenty (20) days of the hearing.
 - (a) By agreement.
 - (b) If not by agreement, utilization of American Arbitration Association.
- (4) Expedited procedure re: fact finding.
- (5) Issuance of fact finder's report.
- (6) Meeting between the parties within two weeks of the issuance of the fact finder's report to discuss the fact finder's recommendations.
- (7) If no agreement is reached within one month after the issuance of the fact finder's report, the Superintendent is then free to implement supervisory periods up to 55 minutes in length (but not earlier than September 1, 1995).

4. Maximum Length of Periods: Not more than 90 minutes.

5. Specific Elementary School Provisions:

In the elementary grades (K-6) each classroom teacher will have five periods per week for preparation work or student consultation.

This will occur when specialists, including librarians, are available to assume the responsibilities of the class.

If there are weeks with fewer than five school days and/or weeks in which special activities (e.g. field trips, assemblies, etc.) are scheduled, then there may be less than five preparation periods per week.

"Other Exceptions" Reasonable exceptions to this Article may be made by the Superintendent of Schools. Examples include unforeseen or unusual circumstances requiring the teacher's presence, and provided this preparation period can be accomplished without increasing staffing levels.

This Article is not subject to the grievance procedure as outlined in Article II until December 31, 2010 and is not subject to arbitration under the provisions outlined in the collective bargaining agreement.

ARTICLE IX: CLASS SIZE

- A. An average class size of 25 pupils, more or less, will be maintained by the Committee, and the administration will administer this policy in as equitable a manner as possible. Since individualization is an important goal of education, a goal of staffing as suited to the various instructional tasks should be sought. The above is not intended to prohibit flexibility for purposes of team teaching, elective programs and/or other innovative programs mutually agreed upon by the Union and the Committee.

- B. The Committee and the administration agree to consult with the Union and affected teachers regarding special education classes, including any changes that might be made in the program.

ARTICLE X: NON-TEACHING DUTIES

The Committee and the Union acknowledge that a teacher's primary responsibility is to teach and that his/her energies should, to the extent possible, be utilized to this end. Therefore, they agree as follows:

- A. Teachers shall not be required to perform non-professional duties, such as:
1. Distributing milk.
 2. Supervising bus-loading and/or unloading (except at the Middle School).
 3. Collecting money from students for insurance, photographs, or hot lunches.
 4. Checking parking facilities.
 5. Maintaining registers.
 6. Performing routine clerical functions regarding cumulative record cards.
 7. Telephoning regarding student absences.
 8. Correcting standardized tests used at the direction of the Committee or Superintendent
 - a. Correcting of Aimsweb is the only exception to this section, unless the correction of other standardized tests and assessments are agreed to through negotiations. Additionally, it is agreed that teachers, paraprofessionals, tutors may be involved in the correcting of the Aimsweb assignment. Building principals will have the task of making sure the work is divided evenly among qualified staff. Meeting time may be used to correct Aimsweb assessments.
 - b. The new evaluation system includes or will include district determined assessments which will not be considered standardized tests.
- B. Elementary teachers, at a time they deem appropriate during the morning session, weather permitting, will take their classes to the school playground for a period of play and/or relaxation. This activity is in lieu of multiple-class morning recess.
- C. The need for paraprofessionals is recognized and the Committee will assess these needs annually, including those proposed by the Union, with the object of improving the instructional program.

ARTICLE XI: TEACHER EMPLOYMENT

- A. The District agrees to hire only those teachers who hold or are eligible for Massachusetts Department of Education licenses for the positions to which they are assigned except otherwise permitted by law.
- B. The District, in placing newly hired teachers on the salary schedule, may grant, in its discretion, credit for prior appropriate or comparable teaching experience. The denial of any such credit shall not be subject to challenge. Notwithstanding any provision of this Agreement to the contrary, the

Superintendent shall have the discretion to place each new employee on any salary step in the salary schedule in Appendix A.

- C. Teachers shall be notified in writing of their salary status for the ensuing school year and any teacher without professional teacher status not to be rehired shall be so notified in accordance with statute.

ARTICLE XII: COMPENSATION

1. The Committee and the Union agree to the following procedures regarding compensation, advancement on the salary schedule (see Appendix A), and payroll procedures:

- A. Vertical movement on the salary schedule is based primarily on the individual's satisfactory performance of one's basic professional responsibility, such as teaching, counseling, or library work during the school year prior to the year in which the increment is due, or as provided in applicable sections under Articles in this Agreement concerning leaves. Only in cases of unsatisfactory performance may an increment be withheld.
- B.1. Effective September 1, 2015, the following salary lanes (sometimes referred to as columns) shall be eliminated: B+9, B+21, and B+30. Each employee who was on one of the following salary lanes: B, B+9, B+21, or B+30 in the 2014-2015 work year in the Marblehead Public Schools shall be "grandfathered" and remain eligible to advance through the eliminated salary lanes until such time as such employee earns the Master's degree and advances to the Master's degree lane. However, any employee who was not in one of the Bachelor lanes in the Marblehead Public Schools as of the 2014-2015 work year and is therefore not grandfathered shall not enter any of the eliminated salary lanes. G. Return from Leave:

Upon resumption of full-time employment, a teacher will be assigned to the same position held prior to such leave whenever possible or unless some other mutually satisfactory position is arranged. In those situations, where it is impossible for a return to the same position held prior to the maternity leave, the teacher will be assigned to a substantially similar position.

III. Family Medical Leave Act (FMLA) Leave for Birth/Adoption of Child (up to 12 weeks)

- A. If the teacher is eligible for FMLA leave for the birth/adoption/foster care of a child, the teacher must take the FMLA leave within the 12-month period following the child's birth/placement for adoption/foster care.

(For example, a teacher who is entitled to 8 weeks of Maternity/Parental Leave and 12 weeks of FMLA leave shall have a total of 12 weeks of leave with the first 8 weeks counting toward the employee's Maternity/Parental leave and FMLA leave entitlements.)

IV. PAID LEAVE FOR TEACHERS WITH PROFESSIONAL TEACHER STATUS

A full-time teacher with professional teacher status ("PTS") shall be entitled to paid parental leave for the birth of the teacher's child or the adoption of a child under the age of six subject to the following terms and conditions:

- d. Purpose of the leave: To make arrangements for and to care for the adopted child.

This provision shall only be applicable to school vacations during the school year. If de facto custody were taken in July, the PTS teacher would not be eligible for paid adoption leave.
- g. Family and Medical Leave Act

If and to the extent the PTS teacher is entitled to leave under the Family and Medical Leave Act, such time shall be charged against the adoption leave.

B. For Birth of a Child by PTS Teacher on Maternity/Parental Leave

A PTS teacher on maternity/parental leave under Article XXII shall be entitled to paid parental leave subject to the same terms and conditions applicable to paid adoption leave, except as follows. The amount of the paid parental leave shall not exceed the following: Four weeks less any paid sick leave taken by the PTS teacher on maternity leave. Example: A PTS teacher on an eight-week unpaid maternity leave is disabled for five days and utilizes five days of sick leave. The PTS teacher, in such case, would then be entitled to 15 days of paid parental leave subject to the same terms and conditions applicable to paid adoption leave.

ARTICLE XXII: PARENTAL LEAVE

This Article XXII is effective for births/adoptions that occurred on or after November 26, 2024. (For births/adoptions that occurred prior to November 26, 2024, see the Article XXII above.)

I. PARENTAL LEAVE

For employees who are eligible for both MPLA and FMLA leaves, these leaves run simultaneously with each other and with the paid leaves provided by this Section. If both parents are employed by the Committee and are eligible for leave benefits provided by the FMLA and/or MPLA for the birth or adoption of the same child, they shall share such benefits.

The employee shall provide at least two (2) weeks' written or email notice to the employee's supervisor and to the Committee's Human Resources office of the employee's anticipated date of departure (or as much notice as practicable when the delay in providing notice is beyond the employee's control) and the employee's intention to return to work following the leave.

Parental leave is for:

- a. the purpose of giving birth and/or bonding with a newborn child; or
- b. the placement of a child under the age of 18, or under the age of 23 if the child is mentally or physically disabled, for adoption with the employee.

The employer shall provide paid leave for the first fifteen (15) days of such leave without deduction from the employee's accrued leave and the employee may use the employee's accumulated paid leave for the balance of the leave not to exceed forty-five (45) days.
2. An employee who is not eligible for FMLA, but who is eligible for MPLA may take up to eight weeks of leave starting with the birth or adoption of the employee's child as defined by the MPLA. The employer shall provide paid leave for the first fifteen (15) days of such leave without deduction from the employee's accrued leave and the employee may use the employee's accumulated paid leave for the balance of the leave period.

Employees who are eligible for both FMLA and MPLA for the birth/adoption of the employee's child shall receive the benefit above that is greater.

Upon completion of the parental leave, the employee shall be restored to the same or similar position the employee held when the parental leave commenced. The Committee shall not be required to restore an employee on parental leave to the previous or similar position if the employee is subject to layoff, nonrenewal or reassignment.

Upon return from sabbatical leave, the teacher will provide the Marblehead School Department a minimum of service equal to twice the period of time of the sabbatical leave, and that, in default of completing such service, the teacher will refund to the town of Marblehead an amount equal to such proportion of salary received by the teacher while on leave as the amount of service not actually rendered as agreed bears to the whole amount of service agreed to be rendered.
- G. Upon return from sabbatical leave, a teacher shall be placed on the salary schedule at the level which the teacher would have achieved had the teacher remained actively employed in the system during the period of his absence.
- H. After completing a sabbatical leave, a teacher will not be eligible for another sabbatical leave until the teacher has completed an additional 7 years in the Marblehead School System.

5. The notice of intent to retire cannot be withdrawn or revoked.
6. The teacher must retire pursuant to Massachusetts Teacher Retirement Law.
7. The teacher or the teacher's estate or legal representative, as the case may be, shall not be required to pay back any money received under the early retirement program in the event the teacher dies or is forced to retire because of disability or other unanticipated good cause prior to

the year in which the teacher's retirement was contemplated. No additional money shall be paid in such case, however.

8. Effective 9/1/02, this Article shall be of no further force and effect except for teachers who commenced actual teaching in Marblehead prior to the 2001-2002 school year.

ARTICLE XXXI: REDUCTION IN FORCE

A. DEFINITION

The following rules shall apply in the determination of which teachers are to be dismissed in the event a reduction in the number of teachers is deemed advisable by the District.

1. Teachers with professional teacher status shall not be dismissed if there is a teacher without professional teacher status whose position the teacher with professional teacher status is qualified to fill.
2. The District shall determine which teachers with professional teacher status shall be dismissed in accordance with the following rules:
 - (a) In making a decision regarding the layoff or reduction in force of a teacher(s) with professional teacher status, the Superintendent shall consider the following factors:
 - (1) need;
 - (2) quality and quantity of performance by the teacher of the teacher's duties and responsibilities including factors of job performance in the teacher's overall evaluation ratings; however, no distinction shall be made between proficient and exemplary ratings; and seniority shall only be used as a tie-breaker in personnel actions between or among teachers whose qualifications are no different;
 - (3) educational background;
 - (4) experience;
 - (5) nature and diversity of license;
 - (6) professional achievements and activities, and
 - (7) the best interests of students in the school or district.
 - (b) Seniority as used herein shall mean length of continuous service in the Marblehead School System.
 - (c) The Superintendent may assign whatever weight the Superintendent desires to the aforementioned criteria provided the Superintendent's decision is based on said criteria and provided that the Superintendent considers the best interests of students in the school or district. It is recognized, however, that the District need not review all of said criteria. For example, a teacher's evaluations may be such (negative) that a review of the other criteria could not offset such evaluations.

B. REDUCTION IN FORCE PROCEDURE (Applicable to Teachers with Professional Teacher Status Only)

The reduction in force rules hereinafter set forth shall not apply across the separate groupings except as hereinafter specifically provided.

1. Secondary Level Grouping (7-12)

The first step in a reduction in force should be to determine which teacher(s) with professional teacher status are excess. This initial determination, under normal circumstances, will be based upon the needs of the system. For example, if there are four French teachers and the District determines it needs only three French teachers, the District shall determine, pursuant to Section A2, which French teacher is excess. The second step shall be to determine whether there are any other positions at the secondary level or any specialist classification positions which the excess French teacher is qualified to fill. If so, the excess teacher and the teachers in said position shall then be reviewed, in accordance with Section A2, to determine which teacher is excess. In the event another teacher is declared excess in the second step, the same process shall then be applied to this teacher.

2. Elementary Level Grouping (K-6)

The section A2 rules shall apply to K-6 as a separate grouping. Excess elementary teachers who are qualified to fill any specialist classifications positions shall be reviewed with teachers in such positions, in accordance with Section A2, to determine which teacher is excess.

3. Specialist Groupings

The Section A2 rules shall apply to each specialist position as a separate grouping. The specialist positions for the purposes of this Article shall be as follows:

- | | |
|--|---------------------------------|
| 1. Music | 7. Guidance Counselors |
| 2. Physical Education | 8. School Psychologists |
| 3. Art | 9. School Adjustment Counselors |
| 4. Industrial Arts | 10. Librarians |
| 5. Family and Consumer Science | 11. School Nurses |
| 6. Moderate Special Needs and Severe Special Needs | |

Excess specialist teachers who are qualified to fill other positions shall be reviewed, in accordance with Section A2, with teachers in such other positions to determine which teacher is excess.

C. NOTIFICATION OPTION - STANDARD OF REVIEW

1. The Superintendent, in the event of a contemplated reduction in force, will meet with the Union to discuss which teachers with professional teacher status he contemplates will be dismissed, hereinafter sometimes called "affected teacher(s)", no later than June 1 of the school year preceding the school year in which the proposed reductions are to take effect. The June 1 date

provided herein shall only be applicable, however, to the “affected teachers” originally named by the Superintendent. For example, if as a result of discussions by the Union with the Superintendent, the Superintendent were to change the teachers whom he contemplates being dismissed, the June 1 date would not be applicable.

2. The Union, within five (5) school days of the meeting with the Superintendent, shall advise the Superintendent, in writing, as to whether they agree or disagree with the Superintendent’s contemplated “affected teachers” under the standards set forth in Section D of this Article. In the event of disagreement, the specific reasons shall be set forth.
3. The affected teacher/s will be granted the following options:
 - a. To elect an unpaid leave of absence status, in lieu of the dismissal, without challenge of the Superintendent’s proposed action and implementation thereof. The leave of absence shall be for the length of the teacher’s recall rights, *infra*. Upon expiration of the teacher’s recall rights, the teacher shall be considered to have resigned. A resignation, subject to the conditions outlined herein, and in the form attached hereto as Appendix M, shall be filed with the notice of this election.
 - b. To elect an unpaid leave of absence status, in lieu of the dismissal, subject to challenge of the Superintendent’s proposed action and implementation thereof. The specific reasons for challenge must be filed with this notice of election. The leave of absence provided hereunder shall be subject to the same terms and conditions set forth in Section C3(a) above, except that this leave will be granted, subject to challenge as above outlined.
 - c. The exercise of either option C3(a) or C3(b) shall be subject to the affected teacher waiving the teacher’s M.G.L. Chapter 32 and M.G.L. Chapter 71 rights. The option must be exercised within ten (10) days following the aforesaid meeting with the Superintendent and must be on the form attached to this Agreement as Appendix M (1) or (2).
4. In the event the affected teacher elects option C3(b) the following rules shall be applicable.
 - a. The parties shall attempt to agree upon the selection of an arbitrator. Such arbitrator must be able to hold a hearing within thirty (30) days of the arbitrator’s selection and render a decision within thirty (30) days of the hearing. If the parties cannot agree upon an arbitrator, the arbitrator shall be selected under the Voluntary Labor Arbitration rules of the American Arbitration Association. Such arbitrator must also be able to hold hearing and render a decision within the time constraints set forth immediately above.
 - b. In the event the Union joins the affected teacher’s election to proceed under this Article, then the costs of the arbitration proceeding shall be shared equally between the District and the Union with each party bearing the expenses of preparing and presenting its own case. But if the Union does not join in the affected teacher’s election to proceed under this Article, then the costs of the arbitration proceeding shall be shared equally between the District and the affected teacher with such parties bearing the expense of preparing and presenting its own case. The fact that the Union does not join in the affected teacher’s election to proceed under the Article shall not bar the affected teacher from proceeding to arbitration, anything contained in this Agreement to the contrary notwithstanding. The Union shall not have the right to proceed to arbitration alone.

- c. The standard of review of the Superintendent's determination of the affected teachers shall be whether the Superintendent was arbitrary or capricious in making his determinations. The arbitrator shall not substitute the arbitrator's judgment for that of the Superintendent. Any dismissal or leave of absence taken under this Article in accordance with seniority shall not be arbitrable.
- 5. No dismissal of a teacher with professional teacher status because of a reduction in force shall take effect during the teaching work year.

D. RECALL

- 1. A teacher with professional teacher status who elects one of the options provided in Section C3 shall have recall rights, as hereinafter provided, during the two school years following the year in which the Superintendent's notice of intent to dismiss is given.

Example:

Notice of Dismissal Given: April 1978

Recall Rights: During the school year 1978-79 and 1979-80.

Such rights shall not exist for appointments which may be made prior to the close of the 1979-80 school year but which commence subsequent to the 1979-80 school year.

- 2. In filling positions which become vacant on other than a temporary basis whenever teachers with professional teacher status have recall rights under this Article, the following rules shall be applicable:
 - a. A new teacher shall not be hired for the position where there is a teacher with professional teacher status with recall rights available to fill that position.
 - b. Teachers with professional teacher status shall have recall rights only to the Subject Area Classification position from which they were dismissed. For example, a dismissed mathematics teacher shall have recall rights to "mathematics" positions. A dismissed biology teacher shall have recall rights to biology positions but shall not have recall rights to chemistry positions, etc.
 - c. In the event two or more teachers with professional teacher status in the same Subject Area Classification have recall rights, the District shall recall in accordance with the rules set forth in Section A1 above.
- 3. Recall notices shall be sent by email to the dismissed teacher's last known email address, with a copy of such notice being emailed to the Union. The recalled teacher shall have nine (9) calendar days after receipt of the notice to accept the recall, provided, however, that said period may be extended by the District in its discretion. In the event the recalled teacher does not accept the recall, all recall rights shall terminate.
- 4. The Union shall be furnished a recall list each September, which list shall be updated in the event of a reduction in force dismissal after submission of the September list. If no objection is made in writing by the Union within 30 days of receipt of the yearly list (or subsequent updated list) the

list shall be deemed correct and no dispute with reference thereto shall become the subject matter of a grievance.

5. In the event the Union feels that Section D, Paragraph 2 of this Article has been violated, it must so notify the Superintendent in writing within five (5) days of the date it receives a copy of the notice to the person recalled. If the dispute is not resolved within five (5) days thereafter, the Union may seek arbitration pursuant to the procedure set forth in Section C.4. of this Article. The standard review in arbitration shall be as set forth in Section D.4. of this Article.
6. Anything contained in this Agreement to the contrary notwithstanding, the sole remedy in the event of a violation of Paragraph 2 of Section D, shall be to extend the teacher's recall rights, provided, however, that this Paragraph 6 shall not be applicable in the event of a deliberate failure to give notice to the Union as provided in Paragraph 3 of this Section

In such case, Paragraph 5 of this Section D shall be applicable upon the Union's knowledge of the recall involved, provided, however, that an arbitrator may not award any monetary remedy.

E. GENERAL

1. A teacher with professional teacher status who elects one of the options provided in Section C3 shall be entitled to retain the teacher's group membership in the Town of Marblehead group insurance plans, subject to the terms and conditions thereof, provided (a) they pay 100% of the premium cost, and (b) the applicable carrier(s) does (do) not prohibit such inclusion. The right of continued participation as provided in this paragraph shall continue for the duration of their recall rights.
2. Upon recall, teachers with professional teacher status shall have all of the benefits to which the teacher was entitled prior to termination, including accumulated sick leave and shall be placed one step higher on the salary schedule (unless previously on maximum) than the teacher occupied upon receipt of notice of termination provided the teacher would have advanced to such step had the teacher not been terminated. Seniority shall not accumulate during the period of time a teacher is entitled to recall rights.
3. The District agrees to advise the substitute service utilized by it (or any other system) that teachers with professional teacher status dismissed under this Article shall be given first opportunity to substitute (including long-term substitution) in the Marblehead Public Schools. Neither the District nor the service (or any other party) shall be liable, however, in any case(s) where such first opportunity is not given. Teachers who do not desire to avail themselves of such first opportunity on either a temporary or long-term basis shall so advise the substitute service.
4. A teacher who has completed all the necessary requirements to be licensed in a certain area except that official notice of such licensure has not as yet been received shall, for the purposes of B 2(a)3, B 2(b)3 and B 2(c)3, be treated as licensed in such area, provided, however, that such license must be obtained, in any event, before the date the teaching is scheduled to commence.

ARTICLE XXXII: COMPLAINT PROCEDURE

Complaints Made to School Committee Members and/or Central or Building Administrators

A. Procedure

1. In the event a complaint is made about a teacher to a School Committee member, or Central or Building Administrator, the Complainant will be referred to the appropriate Administrator (Superintendent or Building Administrator).
2. The Administrator to whom the complaint is referred will determine, based on the nature of the complaint and the circumstances, the appropriate method of investigation.
3. The teacher will be advised of the nature of the complaint with reasonable promptness under the circumstances involved provided, however, that in the case of parental complaints involving classroom teaching performance, the nature of the complaint, under normal circumstances, shall be brought to the attention of the teacher within the next four school days following the day in which the investigating administrator is apprised of the details of the complaint by the complainant.
4. A meeting of the teacher and complainant will be suggested and encouraged by the Administrator, if the circumstances warrant. It is recognized that many complaints may have their foundation in misunderstood facts and therefore such a meeting may very well prove to be quite helpful in resolving the matter.
5. The Administrator to whom the complaint is referred shall, upon talking to the complainant, note the date the complaint is received, the complainant's name, and the nature of the complaint. The complainant shall also be advised that the complaint will be brought to the teacher's attention.

B. Superintendent's Control

Nothing contained herein shall preclude the Superintendent from exercising administrative control of a "complaint", subject to the terms and conditions of the new Education Reform Act.

C. Termination of Article

Either side shall have the right, upon thirty days written notice, but not earlier than August 30, 1999, to terminate the Article. Either side, from and after any such termination, may reopen this Agreement, upon written notice to the other, on the issue of a complaint procedure. During the aforementioned thirty-day notice period, upon written request by either side, the parties shall meet to discuss the termination.

ARTICLE XXXIII: TIME IN LEARNING

- A. The increase in instructional time referred to herein is related to meeting the State time in learning mandates.
- B. The Administration has the right to require each teacher to teach up to an additional ten (10) minutes per school day at the elementary level, fifteen (15) minutes per school day at the middle school level and no additional minutes at the high school level beyond the current (as of 9/2/97) contract restrictions of twenty-one (21) teaching hours and the arrival and dismissal time for students. This Article is not intended to restrict in any way the increase in instructional time that falls within the provisions of the current agreement.
- C. Any time so required by the Administration to meet time in learning requirements (up to the aforementioned amounts) beyond the current contract restrictions, as aforementioned, shall be within the following parameters: The teacher work day.

- D. Each year during the term of this Agreement, the parties shall meet to review the effects of the Time in Learning mandates in Marblehead and to discuss meaningful options to comply with such mandates. Included within such review shall be a review of educationally viable scheduling options which could minimize the utilization of the aforementioned minutes. Subject to the provisions of Sections A, B, C and D of this Article, the final decision shall be that of the Committee and shall not be subject to challenge.
- E. Effective 9/1/97: Re-opener, by either side, regarding time in learning issues, if the aforementioned minutes are not "enough". Notice of re-opener may be given on or after 12/1/96.

ARTICLE XXXIV: This Article intentionally left blank

ARTICLE XXXV: DURATION AND NEGOTIATION OF SUCCESSOR AGREEMENT

- A. This Agreement shall be in full force and effect from September 1, 2024 to August 31, 2025 except as otherwise provided. This Agreement may only be extended in writing by mutual agreement of the parties.
- B. Negotiations for a successor agreement shall begin no later than December 2024.
- C. This Agreement and procedures provided herein may be modified in whole or in part only by mutual agreement of the parties hereto, in which event such modification shall be duly executed in writing by both parties.

APPENDIX K¹ EDUCATOR EVALUATION

1. Purpose of Educator Evaluation

This contract language is locally negotiated and based on M.G.L., c.71, § 38; M.G.L. c.150E; and the Educator Evaluation regulations, 603 CMR 35.00 et seq. In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will apply.

The regulatory purposes of evaluation are:

- i. To promote student learning, growth, and achievement by providing Educators with feedback for improvement, enhanced opportunities for professional growth, and clear structures for accountability, ;
- ii. To provide a record of facts and assessments for personnel decisions;

2. Definitions (* indicates definition is generally based on 603 CMR 35.02)

***Artifacts of Professional Practice:** Educator developed work products and student work samples that demonstrate the Educator's knowledge and skills with respect to specific performance standards.

Caseload Educator: Educators who teach or counsel individual or small groups of students through consultation with the regular classroom teacher, for example: school nurses, guidance counselors, speech and language pathologists, and some reading specialists and special education teachers.

Classroom teacher: Educators who teach preK-12 whole classes, and teachers of special subjects as such as art, music, library, and physical education. May also include special education teachers and reading specialists who teach whole classes.

Categories of Evidence: Multiple measures of student learning, growth, and achievement, judgments based on observations as defined in 11A and 11B and artifacts of professional practice, including unannounced observations of practice and additional evidence relevant to one or more Standards of Effective Teaching Practice.

***District-determined Measures:** Measures of student learning, growth and achievement related to the Massachusetts Curriculum Frameworks, Massachusetts Vocational Technical Education Frameworks, or other relevant frameworks, that are comparable across grade or subject level district-wide. These measures may include, but shall not be limited to: portfolios, approved commercial assessments and district-developed pre and post unit and course assessments, and capstone projects. These measures shall be locally bargained by the parties to the extent required by law.

***Educator(s):** Inclusive term that applies to all classroom teachers and caseload educators, unless otherwise noted.

***Educator Plan:** The growth or improvement actions identified as part of each Educator's evaluation. The type of plan is determined by the Educator's career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:

¹ School nurses shall be evaluated using the MSNO School Nurses Resource Document to Support Implementation of SIS Rubrics published on the DESE (DOE) website.

Developing Educator Plan shall mean a plan developed by the Educator and the Evaluator for one school year or less for an Educator without Professional Teacher Status (PTS); or, at the discretion of an Evaluator after consultation with the Superintendent, for an Educator with PTS in a new assignment which requires a change in license or a change of building to which the educator is assigned. The educator shall be evaluated at least annually.

Self-Directed Growth Plan shall mean a plan developed by the Educator for one or two school years for Educators with PTS who are rated proficient or exemplary.

- For educators whose impact on student learning is either moderate or high, the Educator Plan may be for up to two school years.
- A one-school-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary and whose impact on student learning is low. In this case, the Evaluator and Educator shall analyze the discrepancy between the summative evaluation rating and the rating for impact on student learning to seek to determine the cause(s) of the discrepancy.

Directed Growth Plan shall mean a plan developed by the Educator and the Evaluator of one school year or less for Educators with PTS who are rated **needs improvement**. There shall be a summative evaluation at the end of the period determined by the plan and if the educator does not receive a proficient rating he or she shall be rated unsatisfactory and shall be placed on an improvement plan.

Improvement Plan shall mean a plan developed by the Evaluator with Educator input, if timely volunteered by the Educator, for a period of 45 calendar days and no more than one school year for Educators with PTS who are rated **unsatisfactory** with goals specific to improving the Educator's unsatisfactory performance. In those cases where an Educator is rated unsatisfactory near the close of a school year, the plan may include recommendations for activities during the summer preceding the next school year.

***DESE:** The Massachusetts Department of Elementary and Secondary Education.

***Evaluation:** The ongoing process of defining goals and identifying, gathering, and using information as part of a process to improve professional performance (the "formative evaluation" and "formative assessment") and to assess total job effectiveness and make personnel decisions (the "summative evaluation").

***Evaluator:** Any non-Unit A person designated by the superintendent who has primary or supervising responsibility for observation and evaluation. The superintendent is responsible for ensuring that all Evaluators have training in the principles of supervision and evaluation. Each Educator will have one Evaluator at any one time responsible for determining performance ratings. The principal of each building in which the educator serves must review and sign the evaluation.

Primary Evaluator shall be the person who determines the Educator's performance rating and evaluation.

Supervising Evaluator shall be the person responsible for developing the Educator Plan, supervising the Educator's progress through formative assessments, evaluating the Educator's progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan. The Supervising Evaluator may be the primary Evaluator or the primary Evaluator's designee.

Teaching Staff Assigned to More Than One Building: Each Educator who is assigned to more than one building will be evaluated by the appropriate administrator where the individual is assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation, and may add written comments. In cases where there is no predominate assignment, the superintendent will determine who the evaluator will be.

Notification: The Educator shall be notified in writing of the Educator's Evaluator at the outset of each new evaluation cycle. The Evaluator(s) may be changed upon notification in writing to the Educator.

Evaluation Cycle: A five-component process that all Educators follow consisting of 1) Self-Assessment; 2) Goal-setting and Educator Plan development; 3) Implementation of the Plan; 4) Formative Assessment/Evaluation; and 5) Summative Evaluation.

***Experienced Educator:** An educator with Professional Teacher Status (PTS).

***Family:** Includes students' parents, legal guardians, foster parents, or primary caregivers.

***Formative Assessment:** The process used to assess progress towards attaining goals set forth in Educator plans, performance on standards, or both. This process may take place at any time(s) during the cycle of evaluation, but typically takes place at mid-cycle.

***Formative Evaluation:** An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.

***Goal:** A specific, actionable, and measurable area of improvement as set forth in an Educator's plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by a team of educators, departments, or other groups of Educators who have the same role. Team goals can be developed by grade level or subject area teams.

***Measurable:** That which can be classified or estimated in relation to a scale, rubric, or standards.

Multiple Measures of Student Learning: Measures must include a combination of classroom, school and district assessments, student growth percentiles on state assessments, if state assessments are available, and student MEPA gain scores. This definition may be revised as required by regulations or agreement of the parties upon issuance of DESE guidance expected by July 2012. These measures shall be locally bargained by the parties to the extent required by law.

***Observation;** A data gathering process that includes notes and judgments made during one or more classroom or worksite visits(s) of any duration not less than 5 minutes by the Evaluator and may include examination of artifacts of practice including student work. An observation shall occur in person. All observations will be done openly and with knowledge of the Educator. Classroom or worksite observations conducted pursuant to this article must result in feedback to the Educator using the agreed upon protocols.

Parties: The Union and the Committee are the parties to this agreement.

***Performance Rating:** Describes the Educator's performance on each performance standard, and the overall evaluation. There shall be four performance ratings:

Exemplary: the Educator's performance consistently and significantly exceeds the requirements of a standard, or the overall evaluation. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.

Proficient: the Educator's performance fully and consistently meets the requirements of a standard, or the overall evaluation. Proficient practice is understood to be fully satisfactory.

Needs Improvement: the Educator's performance on a standard or the overall evaluation is below the requirements of a standard or the overall evaluation but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.

Unsatisfactory: the Educator's performance on a standard or the overall evaluation has not significantly improved following a rating of needs improvement, or the Educator's performance is consistently below the requirements of a standard or the overall evaluation and is considered inadequate, or both.

***Performance Standards:** Locally developed standards and indicators pursuant to M.G.L. c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00.

***Professional Teacher Status:** PTS is the status granted to an Educator pursuant to M.G.L. c. 71, § 41.

Rating of Educator Impact on Student Learning: A rating of high, moderate or low impact based on trends and patterns on state assessments and district-determined measures. The parties will negotiate, to the extent required by law, the process for using state and district-determined measures to arrive at an Educator's rating of impact on student learning, growth and achievement.

Rating of Overall Educator Performance: The Educator's overall performance rating is based on the Evaluator's professional judgment and examination of evidence of the Educator's performance against the four Performance Standards and the Educator's attainment of goals set forth in the Educator Plan, as follows:

- Standard 1: Curriculum, Planning and Assessment
- Standard 2: Teaching All Students
- Standard 3: Family and Community Engagement
- Standard 4: Professional Culture
- Attainment of Professional Practice Goal(s)
- Attainment of Student Learning Goal(s)

***Rubric:** In rating educators on Performance Standards for the purpose of formative assessments, formative evaluations, or summative evaluations, rubrics must be used. The rubrics for Standards and Indicators of Effective Teaching Practice are a scoring tool used to judge the educator's practice at the four levels of performance. The rubrics consist of:

- Standards and Indicators of Effective Teaching Practice: Defined in 603.CMR 35.03. These standards and indicators are used in the rubrics incorporated into this evaluation system.
- Descriptors: define the individual elements of each of the indicators under the standards.

Self-Assessment: The evaluation cycle shall include the following self-assessment:

- (a) An analysis of evidence of student learning, growth and achievement for students under the Educator's responsibility;
- (b) An assessment of practice against each of the four Performance Standards of effective practice using the rubrics;
- (c) Proposed goals to pursue:
 - (1) At least one goal directly related to improving the Educator's own professional practice;
 - (2) At least one goal directly related to improving student learning.

The educator shall provide such information, in the form of self-assessment, by October 1 (except for the first year of implementation of this Agreement, when the deadline is November 1) to the evaluator at the point of goal setting and plan development.

***Summative Evaluation:** An evaluation used to arrive at a rating on each standard, an overall rating, and as a basis to make personnel decisions. The summative evaluation includes the Evaluator's judgments of the Educator's performance against Performance Standards and the Educator's attainment of goals set forth in the Educator's Plan. The summative evaluation rating must be based on evidence from multiple categories of evidence. MCAS growth scores cannot be the sole basis for a summative evaluation rating. To be rated Proficient overall, an educator shall, at a minimum, have been rated Proficient on the Curriculum, Planning and Assessment and the Teaching all Students standards for teachers. Evaluations used to determine the educator's overall performance rating and the rating on each of the four standards may inform personnel decisions such as reassignments, transfers, PTS or dismissal pursuant to Massachusetts general laws.

***Superintendent:** The person employed by the school committee pursuant to M.G.L. c. 71 §59 and §59A. The superintendent is responsible for the implementation of 603 CMR 35.00.

***Teacher:** An Educator employed in a position requiring a certificate or license as described in 603 CMR 7.04(3)(a, b, and d) and in the area of vocational education as provided in 603 CMR 4.00. Teachers may include, for example, classroom teachers, librarians, guidance counselors, or school nurses.

***Trends in student learning:** At least two years of data from the district-determined measures bargained to the extent required by law, and from state assessments used in determining the Educator's rating on impact on student learning as high, moderate or low.

3. Evidence Used In Evaluation

The following categories of evidence shall be used in evaluating each Educator:

A. Multiple measures of student learning, growth, and achievement, which shall include:

- Measures of student progress on classroom assessments that are aligned with the Massachusetts Curriculum Frameworks or other relevant frameworks and are comparable within grades or subjects in a school;
- Statewide growth measure(s) where available, including the MCAS Student Growth Percentile and the WIDA ACCESS assessment. (WIDA-World-Class Instructional Design and Assessment. ACCESS-Assessing Comprehension and Communication in English State-to-State for English Language Learners).

- Measures of student progress and/or achievement toward student learning goals set between the Educator and Evaluator for the school year or some other period of time established in the Educator Plan.
- For Educators whose primary role is not as a classroom teacher, the appropriate measures of the Educator's contribution to student learning, growth, and achievement shall be determined by the district and bargained to the extent required by law. The measures shall be based on the Educator's role and responsibility.

B. Observations and artifacts of practice including:

- Unannounced observations of practice of any duration not less than 5 minutes
- Announced observations of practice
- Examination of Educator work products
- Examination of student work products

C. Evidence relevant to one or more Performance Standards, including but not limited to:

- Evidence compiled and presented by the Educator, including :
 - Evidence of fulfillment of professional responsibilities and growth such as self-assessments, peer collaboration, professional development linked to goals in the Educator plans, contributions to the school community and professional culture;
 - Evidence of active outreach to and engagement with families;
- Evidence of progress toward professional practice goal(s)
- Evidence of progress toward student learning outcomes goal(s)

D. Student feedback collected by the district, starting in the 2013-14 school year in accordance with DESE protocols. To the extent required by law, the parties agree to bargain, to the extent required by law, the protocols for collecting and analyzing student feedback.

4. Rubric

The rubrics are a scoring tool used for the Educator's self-assessment, the formative assessment, the formative evaluation and the summative evaluation. Those rubrics are attached to this agreement.

5. Evaluation Cycle: Training

Prior to the implementation of the new evaluation process contained in this article, districts shall arrange training for all Educators, principals, and other evaluators that outlines the components of the new evaluation process and provides an explanation of the evaluation cycle. The district through the superintendent shall determine the type and quality of training based on guidance provided by DESE. By October 15 of the first year of this agreement, all Educators shall complete a professional learning activity about self-assessment and goal-setting satisfactory to the superintendent or principal. Any Educator hired after the October 15 date, and who has not previously completed such an activity, shall complete such a professional learning activity about self-assessment and goal-setting within three months

of the date of hire. The MEA may make recommendations to the superintendent/designee of learning activities and, after consultation between the superintendent/designee and the MBA President, the superintendent shall determine the learning activities.

6. Evaluation Cycle: Annual Orientation

At the start of each school year, the superintendent, principal or designee shall conduct a meeting for Educators and Evaluators focused substantially on educator evaluation. The superintendent, principal or designee shall:

- A. Provide an overview of the evaluation process, including goal setting and the educator plans.
- B. Provide all Educators with directions for obtaining a copy of the forms used by the district. These may be electronically provided.
- C. The faculty meeting may be digitally recorded to facilitate orientation of Educators hired after the beginning of the school year, provided that an announcement is made at the beginning of the meeting that it is being recorded and no one objects.
- D. Provide District and School goals and priorities, as well as professional development opportunities related to those goals and priorities.

7. Evaluation Cycle: Self-Assessment

A. Completing the Self-Assessment

The evaluation cycle begins with the Educator completing and submitting to the Evaluator a self-assessment by October 15 or within four weeks of the start of the Educator's employment at the school except that during the first year this agreement is implemented, it shall be completed by October 15.

i. The self-assessment includes:

- An analysis of evidence of student learning, growth and achievement for students under the Educator's responsibility.
- An assessment of practice against each of the four Performance Standards of effective practice using the district's rubric.
- Proposed goals to pursue:
 - At least one goal directly related to improving the Educator's own professional practice.
 - At least one goal directed related to improving student learning.

B. Proposing the Goals

Educators must consider goals for grade-level, subject-area, department teams, or other groups of Educators who share responsibility for student learning and results, except as provided in (ii) below. Educators may meet with teams to consider establishing team goals. Evaluators may participate in such meetings.

- For Educators in their first year of practice, the Evaluator or his/her designee will meet with each Educator by October 1 (or within four weeks of the Educator's first day of employment if the Educator begins employment after September 15) to assist the Educator in completing the self-assessment and drafting the professional practice and student learning goals which must include induction and mentoring activities.
- Unless the Evaluator indicates that an Educator in the Educator's second or third year of practice should continue to address induction and mentoring goals pursuant to 603 CMR 7.12, the Educator may propose team goals.
- For Educators with PTS and ratings of proficient or exemplary, the goals may be team goals. In addition, these Educators may include individual professional practice goals that address enhancing skills that enable the Educator to share proficient practices with colleagues or develop leadership skills.
- For Educators with PTS and ratings of needs improvement or unsatisfactory, the professional practice goal(s) must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject area team goals.

8. Evaluation Cycle: Goal Setting and Development of the Educator Plan

- Every Educator has an Educator Plan that includes, but is not limited to, one goal related to the improvement of practice; one goal for the improvement of student learning. The Plan also outlines actions the Educator must take to attain the goals established in the Plan and benchmarks to assess progress.
- To determine the goals to be included in the Educator Plan, the Evaluator reviews the goals the Educator has proposed in the Self-Assessment, using evidence of Educator performance and impact on student learning, growth and achievement based on the Educator's self-assessment and other sources that Evaluator shares with the Educator. The process for determining the Educator's impact on student learning, growth and achievement will be determined after DESE issues guidance on this matter. See #22, below.
Evaluators and Educators shall consider team goals. The evaluator retains authority over goals to be included in an educator's plan.
- Educator Plan Development Meetings shall be conducted as follows:
 - Educators in the same school may meet with the Evaluator in teams and/or individually at the end of the previous evaluation cycle or by October 15th of the next academic year to develop their Educator Plan. Educators shall not be expected to meet during the summer hiatus.
 - For those Educators new to the school, the meeting with the Evaluator to establish the Educator Plan must occur by October 15 or within six weeks of the start of their assignment in that school
 - The Evaluator shall meet individually with Educators with PTS and ratings of needs improvement or unsatisfactory to develop professional practice goal(s) that must address specific standards and indicators identified for improvement. In addition, the goals may address shared grade level or subject matter goals.
 - For educators with PTS with ratings of Proficient and Exemplary, the professional practice goal may be team goals. In addition, these educators may include professional practice goals

that address enhancing skills that enable the educator to share proficient practices with colleagues or develop leadership skills.

- Unless the evaluator indicates that educators in their third year of practice should continue to address induction and mentoring goals, the educator may propose team goals.

D. The Evaluator completes the Educator Plan by November 1. The Educator shall sign the Educator Plan within 5 school days of its receipt and may include a written response. The Educator's signature indicates that the Educator received the plan in a timely fashion. The signature does not indicate agreement or disagreement with its contents. The Evaluator retains final authority over the content of the Educator's Plan.

9. Evaluation Cycle: Observation of Practice and Examination of Artifacts -- Educators without PTS

In the first three years of practice or first year in a new position requiring a change in license and a different building assignment:

- The Educator shall have at least three announced observations during the school year using the protocol described in section 11B, below.
- The Educator shall have at least two unannounced observations during the school year.
- The Evaluator may schedule additional announced observations and may do additional unannounced observations.
- The Educator may request additional announced and/or unannounced observations.

10. Evaluation Cycle: Observation of Practice and Examination of Artifacts- Educators with PTS

- A. The Educator whose overall rating is proficient or exemplary must have at least one unannounced observation during the evaluation cycle. Any Educator will receive an announced observation upon request.
- B. The Educator whose overall rating is needs improvement must be observed according to the Directed Growth Plan during the period of Plan which must include at least two unannounced observations. Any Educator will receive an announced observation upon request.
- C. The Educator whose overall rating is unsatisfactory must be observed according to the Improvement Plan which must include both unannounced and announced observation. The number and frequency of the observations shall be determined by the Evaluator, but in no case, for improvement plans of one school year, shall there be fewer than one announced and four unannounced observations. For Improvement Plans of six months or fewer, there must be no less than one announced and two unannounced observations.

11. Observations

The Evaluator's first observation of the Educator should take place by November 15. Observations required by the Educator Plan should be completed by May 1.

The Evaluator is not required nor expected to review all the indicators in a rubric during an observation.

A. Unannounced Observations: All unannounced observations shall be conducted according to the following:

- Unannounced observations may be of any duration of not less than 5 minutes
- The Educator will be provided with a brief written feedback from the Evaluator within 3-5 school days of the observation, providing the Evaluator and Educator are both in school during that time period, using the unannounced observation form attached herein. The written feedback shall be delivered to the Educator in person or placed in the educator's mailbox.
- Any observation or series of observations resulting in one or more standards judged to be unsatisfactory or needs improvement must be followed by at least one observation of at least 30 minutes in duration within 20 school days. The educator shall be given a written document that summarizes the issues, the action(s) to be taken to correct it, and a time frame for the subsequent observation to demonstrate the completion of such action(s).

B. Announced Observations

All non-PTS Educators in their first year in the school, PTS educators on Improvement Plans, and other Educators at the discretion of the Evaluator shall have at least one announced observation(s) conducted according to the following:

- The Evaluator shall select the date and time of the lesson or activity to be observed and discuss with the Educator any specific goal(s) for the observation. The observation shall be at least thirty minutes in duration.
- Within 5 school days of the scheduled observation, the Evaluator and Educator will meet for a pre-observation conference.
- The Educator shall provide the Evaluator a draft of the lesson, student conference, IEP plan or activity. If the actual plan is different, the Educator will provide the Evaluator with a copy prior to the observation.
- The Educator will be notified as soon as possible if the Evaluator will not be able to attend the scheduled observation. The observation will be rescheduled with the Educator as soon as reasonably practical.
- Within 5 school days of the observation, the Evaluator shall provide the Educator with written feedback within 5 school days of the post-observation conference. For any standard where the Educator's practice was found to be unsatisfactory or needs improvement, the feedback must:
 - Describe the basis for the Evaluator's judgment.
 - Describe actions the Educator should take to improve the Educator's performance.
 - Identify support and/or resources the Educator may use in the Educator's improvement.
 - State that the Educator is responsible for addressing the need for improvement.

- Within 5 school days of receipt of the written feedback, the Evaluator and Educator shall meet for a post-observation conference. This timeframe may be extended due to unavailability on the part of either the Evaluator or the Educator, but shall be rescheduled within 24 hours if possible.

Teachers who question the validity of an observation report are entitled to another observation by a different evaluator chosen by the Superintendent. Such request must be made, in writing, within five (5) school days after the teacher's receipt of the final observation report.

12. Evaluation Cycle: Formative Assessment

A specific purpose for evaluation is to promote student learning, growth and achievement by providing Educators with feedback for improvement. Evaluators are expected to make unannounced visits to classrooms. Evaluators are expected to give targeted constructive feedback to Educators based on their observations of practice, examination of artifacts, and analysis of multiple measures of student learning, growth and achievement in relation to the Standards and Indicators of Effective Teaching Practice.

Formative Assessment may be ongoing throughout the evaluation cycle but typically takes place mid-cycle when a Formative Assessment report is completed. For an Educator on a two-year Self-Directed Growth Plan, the mid-cycle Formative Assessment report is replaced by the Formative Evaluation report at the end of year one. See section 13, below.

The Formative Assessment report provides written feedback and ratings to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on Performance Standards and the overall rating, or both.

No less than two weeks before the due date for the Formative Assessment report-the due date shall be according to the attached calendar- the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may provide to the evaluator additional evidence of the educator's performances against the four Performance Standards.

Upon the request of either the Evaluator or the Educator, the Evaluator and the Educator will meet either before or after completion of the Formative Assessment Report.

The Evaluator shall complete the Formative Assessment report and provide a copy to the Educator. All Formative Assessment reports must be signed by the Evaluator and delivered face-to-face, or to the Educator's school mailbox or home.

The Educator may reply in writing to the Formative Assessment report within 5 school days of receiving the report. The Educator's reply shall be attached to the report.

The Educator shall sign the Formative Assessment report by within 5 school days of receiving the report. The signature indicates that the Educator received the Formative Assessment report in a timely fashion. The signature does not indicate agreement or disagreement with its contents. As a result of the Formative Assessment Report, the Evaluator may change the activities in the Educator Plan.

If the rating in the Formative Assessment report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

13. Evaluation Cycle: Formative Evaluation for Two Year Self-Directed Plans Only

Educators on two year Self-Directed Growth Educator Plans receive a Formative Evaluation report no later than May 15 of the two-year cycle. The Educator's performance rating for that year shall be assumed to be the same as the previous summative rating unless evidence demonstrates a significant change in performance in which case the rating on the performance standards may change, and the Evaluator may place the Educator on a different Educator plan, appropriate to the new rating.

The Formative Evaluation report provides written feedback and ratings to the Educator about the Educator's progress towards attaining the goals set forth in the Educator Plan, performance on each performance standard and the overall rating, or both.

No later than May 1, the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator's performance against the four Performance Standards,

The Evaluator shall complete the Formative Evaluation report and provide a copy to the Educator. All Formative Evaluation reports must be signed by the Evaluator and delivered face-to-face, by email or in the teacher's school mailbox.

Upon the request of either the Evaluator or the Educator, the Evaluator and the Educator will meet either before and/or after completion of the Formative Evaluation Report.

The Educator may reply in writing to the Formative Evaluation report within 5 school days of receiving the report. The Educator's reply shall be attached to the report,

The Educator shall sign the Formative Evaluation report within 5 school days of receiving the report. The signature indicates that the Educator received the Formative Evaluation report in a timely fashion, The signature does not indicate agreement or disagreement with its contents.

As a result of the Formative Evaluation report, the Evaluator may change the activities in the Educator Plan.

If the rating in the Formative Evaluation report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

14. Evaluation Cycle: Summative Evaluation

The evaluation cycle concludes with a summative evaluation report. For Educators on a one or two year Educator Plan, the summative report must be written and provided to the educator by May 15.

The Evaluator determines a rating on each standard and an overall rating based on the Evaluator's professional judgment, an examination of evidence against the Performance Standards and evidence of the attainment of the Educator Plan goals.

The evaluator shall determine the summative rating that the Educator receives. For an educator whose overall performance rating is exemplary or proficient and whose impact on student learning is low, the evaluator's supervisor shall discuss and review the rating with the evaluator and the supervisor shall confirm or revise the educator's rating.

The summative evaluation rating must be based on evidence from multiple categories of evidence. MCAS Growth scores shall not be the sole basis for a summative evaluation rating.

To be rated proficient overall, the Educator shall, at a minimum, have been rated proficient on the Curriculum, Planning and Assessment and the Teaching All Students Standards of Effective Teaching Practice.

No later than April 15, the Educator will provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator's performance against the four Performance Standards.

The Summative Evaluation report should recognize areas of strength as well as identify recommendations for professional growth.

The Evaluator shall deliver a signed copy of the Summative Evaluation report to the Educator face-to-face or to the Educator's school mailbox or home, no later than May 15.

The Evaluator shall meet with the Educator rated needs improvement or unsatisfactory to discuss the summative evaluation. The meeting shall occur by June 1.

The Evaluator shall meet with the Educator rated proficient or exemplary to discuss the summative evaluation, if either the Educator or the Evaluator requests such a meeting. The meeting shall occur by June 10.

Upon mutual agreement, the Educator and the Evaluator may develop the Self-Directed Growth Plan for the following two years during the meeting on the Summative Evaluation report.

The Educator shall sign the final Summative Evaluation report by June 15. The signature indicates that the Educator received the Summative Evaluation report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.

The Educator shall have the right to respond in writing to the summative evaluation which shall become part of the final Summative Evaluation report.

A copy of the signed final Summative Evaluation report shall be filed in the Educator's personnel file.

15. Educator Plans -- General

Educator Plans shall be designed to provide Educators with feedback for improvement, professional growth, and leadership; and to ensure Educator effectiveness and overall system accountability. The Plan must be aligned to the standards and indicators and be consistent with district and school goals.

The Educator Plan shall include, but is not limited to:

- At least one goal related to improvement of practice tied to one or more Performance Standards;
- At least one goal for the improvement the learning, growth and achievement of the students under the Educator's responsibility;

- An outline of actions the Educator must take to attain the goals that include specified professional development and learning activities that the Educator will participate in as a means of obtaining the goals, as well as other support that may be suggested by the Evaluator or provided by the school or district. Examples may include but are not limited to coursework, self-study, action research, curriculum development, study groups with peers, and implementing new programs.

It is the Educator's responsibility to attain the goals in the Plan and to participate in any trainings and professional development provided through the state, district, or other providers in accordance with the Educator Plan.

16. Educator Plans: Developing Educator Plan

The Developing Educator Plan is for all Educators without PTS and, at the discretion of the Evaluator, Educators with PTS in new assignments which require a change in license or a change in building to which the Educator is assigned.

The Educator shall be evaluated at least annually.

17. Educator Plans: Self-Directed Growth Plan

A Two-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-2014 whose impact on student learning is moderate or high. In year 1 a formative evaluation report is completed by May 15, and in year 2 a summative evaluation report is completed by May 15.

A One-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-20 14 whose impact on student learning is low.

In this case, the Evaluator and Educator shall analyze the discrepancy between the summative evaluation rating and the rating for impact on student learning to seek to determine the cause(s) of the discrepancy.

18. Educator Plans: Directed Growth Plan

A Directed Growth Plan is for those Educators with PTS whose overall rating is needs improvement.

The goals in the Plan must address areas identified as needing improvement as determined by the Evaluator.

The Evaluator shall complete a summative evaluation for the Educator at the end of the period determined by the Plan, but at least annually, and in no case later than May 15.

For an Educator on a Directed Growth Plan whose overall performance rating is at least proficient, the Evaluator will place the Educator on a Self-Directed Growth Plan for the next Evaluation Cycle.

For an Educator on a Directed Growth Plan whose overall performance rating is not at least proficient, the Evaluator will rate the Educator as unsatisfactory and will place the Educator on an Improvement Plan for the next Evaluation Cycle.

19. Educator Plans: Improvement Plan

An Improvement Plan is for those Educators with PTS whose overall rating is unsatisfactory.

The parties agree that in order to provide students with the best instruction, it may be necessary from time to time to place an Educator whose practice has been rated as unsatisfactory on an Improvement Plan of no fewer than 45 calendar days and no more than one school year. The Evaluator must complete a summative evaluation for the Educator at the end of the period determined by the Evaluator for the Plan.

An Educator on an Improvement Plan shall be assigned a Supervising Evaluator (see definitions). The Evaluator is responsible for providing the Educator with guidance and assistance in accessing the Peer Support Team (see 19, subsection B), the resources, and professional development outlined in the Improvement Plan.

The Improvement Plan shall define the problem(s) of practice identified through the observations and evaluation and detail the improvement goals to be met, the activities the Educator must take to improve and the assistance to be provided to the Educator by the district.

The Improvement Plan process shall include:

- Within ten school days of notification to the Educator that the Educator is being placed on an Improvement Plan, the Evaluator shall schedule a meeting with the Educator to discuss the Improvement Plan. The Evaluator will develop the Improvement Plan, which will include the provision of specific assistance to the Educator.
- The Educator may request that a representative of the Union attend the meeting(s).
- If the Educator consents, the Union will be informed that an Educator has been placed on an Improvement Plan.

A. The Improvement Plan shall:

- Define the improvement goals directly related to the performance standard(s), indicator(s), element(s) and/or student learning outcomes that must be improved;
- Describe the activities and work products the Educator must complete as a means of improving performance;
- Describe the assistance that the district will make available to the Educator;
- Articulate the measurable outcomes that will be accepted as evidence of improvement;
- Detail the timeline for completion of each component of the Plan, including at a minimum a mid-cycle formative assessment report of the relevant standard(s) and indicator(s);
- Identify the individuals assigned to assist the Educator which must include minimally the Supervising Evaluator;
- Include the signatures of the Educator and Supervising Evaluator.

A copy of the signed Plan shall be provided to the Educator. The Educator's signature indicates that the Educator received the Improvement Plan in a timely fashion. The signature does not indicate agreement or disagreement with its contents.

B. Decision on the Educator's status at the conclusion of the Improvement Plan:

All determinations below must be made no later than June I. One of three decisions must be made at the conclusion of the Improvement Plan:

- If the Evaluator determines that the Educator has improved the Educator's practice to the level of proficiency, the Educator will be placed on a Self-Directed Growth Plan.
- If the Evaluator determines that the Educator is making substantial progress toward proficiency, the Evaluator shall place the Educator on a Directed Growth Plan.
- If the Evaluator determines that the Educator is not making substantial progress toward proficiency, the Evaluator shall recommend to the superintendent that the Educator be dismissed; or if the Evaluator determines that the Educator's practice remains at the level of unsatisfactory, the Evaluator shall recommend to the superintendent that the Educator be dismissed
